WORK EXPERIENCE

Freelance (Frontend Developer)

OQPAI

03/2022 - 03/2022

- I created the entire Career Page as well as the Contact page for their website.
- Also made changes on their home page like adding a slider, making the page responsive.
- Also created the home page, about page and the contact page for their another project.

Internship (Front End Developer)

Sfity India

11/2021 - 12/2021

- I was provided with Figma file for the design of the website.
- I created the entire frontend of the website using HTML, CSS and JS. It was a travel website consisting of several pages.

Internship (Front End Developer)

TCS iON

10/2021 - 10/2021

- In the initial days, I had to complete the basic modules of HTML, CSS, JS which contains various exercises.
- Later a template of a single page website was provided which had to be completed and submitted before the deadline.

Internship (Web Developer)

Verzeo in collaboration with E-Cell /IIT KGP

06/2020 - 08/2020

- It was a 2 month long training cum internship. In the 1st month we were provided training and in the 2nd month we had to submit a minor as well as a major project.
- The major project was to be created in the groups of 12 members.
- I worked on the Frontend part and created the teams page in the project.
